

## Testimonials of Earlier participants of the Camp

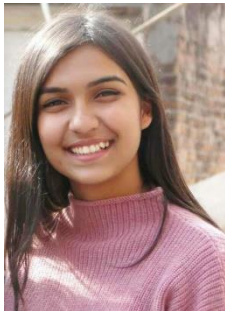

“I really did enjoy the camp and definitely would recommend it to anyone. I had an absolutely amazing experience in Nepal and I really need to thank you for that! I was so much happier than I had been in a really long time.”

- **Lauren Weild, New Zealand**

“I learned many elements to master my temperament and become a better person. I can apply these tricks whenever I second guess myself. My main motivation is to learn to lead by example so with the best practices taught in the camp, I would be able to do that eventually. Youth Legend is a cool social enterprise that allows for self improvement, cultural immersion, awareness and tolerance. Being surrounded by the beauty of Nepal is a plus.”

- **Katrina Baraquiel, Australia**

I have never spent days with international delegates. This is my first time. Right now, I feel it is one of the best decisions I made in life. I have learnt from each one of you. Thank you youth legend for organizing this.

- **Rupsi Parajuli, Nepal**

“It’s a great camp, it’s perfect. Most interesting people sharing 11 days together! I will remember every moment in the camp.”

- **Ali Salman, Baharain**

“I feel lucky to get a chance to join this camp and I learned many new things. I give my thanks and appreciations the organizers for all things you did for me and others members.

I hope you guys can have more camps with more exciting activities in future and be successful in transferring your knowledge and your fire to young Nepali as well as young people from others countries.”
